

**L I M I T E D   W A R R A N T Y****ECO SERIES**

Grand River Spas (“Grand River”) warrants only to the original consumer purchaser (“you” or “your”) the following about your new Eco Series Grand River spa (“spa”), when purchased from a Grand River authorized dealer or service provider (“dealer”). This Limited Warranty (this “Warranty”) does not extend to any subsequent owner or other transferee of the spa and shall terminate upon any transfer of the spa. This Warranty is effective for all Grand River models manufactured on or after January 1, 2025.

**LIMITED LIFETIME Spa Shell Warranty**

Grand River warrants against the loss of water through the shell caused by defects in materials and workmanship for as long as you own the spa. The warranty described in this paragraph does not cover: (a) variances in the shell surface (these are a natural result of the compound mixture and do not compromise the structural stability of the shell); (b) minor blemishes or scratches; or (c) cosmetic color and surface texture changes due to normal use. Grand River may change the availability of the warranty described in this paragraph at its discretion.

**3-YEAR Cabinet Warranty**

Grand River warrants the cabinet panels and corners to be free from defects in materials and workmanship for a period of three years. Fading and weathering of the cabinet will occur naturally over time and are not considered defects. The warranty described in this paragraph does not cover damage to the cabinet due to improperly installed cover lifters (including lack of proper support for lifter components).

**2-YEAR Limited Component Warranty**

Grand River warrants all factory-installed electrical equipment and plumbing components to be free from defects in materials and workmanship for a period of three years. “Electrical equipment and plumbing components” mean the pump(s), heater, control system, jet fittings, filter assembly, internal plumbing, internal glue joints, and hoses.

Some parts not described in the paragraph before this, but that are easily removed from the spa and do not require specialized tools or knowledge or create personal safety issues, are warranted to be free from defects in materials and workmanship for a period of 30 days. Since these parts can be replaced by you, the warranty for these parts does not include a dealer service call. The parts included in this 30-day warranty are jet inserts, air controls or diverter handles, pillows, filter elements, spa light bulb, and drain valve caps.

**1-Year Ozone System Warranty**

Grand River warrants the factory-installed ozone system to be free from defects in materials and workmanship for a period of one year.

**1-Year LED Light Assembly Warranty**

Grand River warrants the factory-installed interior LED light assembly to be free from defects in materials and workmanship for a period of one year.

**3-Year Limited Spa Cover Warranty**

The spa cover included with your Grand River spa is not manufactured by Grand River. All warranty claims must be submitted directly to the specific cover manufacturer. Your authorized Grand River dealer can provide warranty details and claim information upon request. The warranty described in this paragraph does not cover any of the following:

- Damage to the spa cover due to improper water chemistry, improper PH levels, excessive use of sanitizers or any other chemical that may dissolve or remain undissolved on the spa shell, or the use of caustic cleaning solutions.
- Foam core breakage or deterioration or torn vinyl from excessive weight (including from rain, water, snow, excessive heat, animals, or humans).
- Foam core moisture absorption due to foam breakage or damage to plastic barrier.

- Fading of vinyl and thread (fading is not considered a defect, but a naturally occurring circumstance due to normal chemical maintenance, exposure to the sun, and aging of the cover).
